The Usui Method of Natural Healing (Usui Shiki Ryoho) works by placing the hands on or around the body so that Reiki healing energy may flow. Reiki means 'Spiritual-Cosmic Life-force-Energy-Mind', empowering your mental, emotional, spiritual and physical regeneration, allowing your spirit to manifest in its most perfect form.

A two-day class in the presence of a true Reiki Sensei is all that is required for the permanent, enhanced energy flow of the Reiki healing energy through one's body and their hands and the psychic gifts that come with Reiki.

- Better health, true happiness and healthy longevity
- Empowerment to heal one's self/others at any time
- A mystical pathway of personal and spiritual growth
- Being at spiritual oneness, enjoying inner tranquility
- Profound insights into life, experiences and existence
- Learning the traditional Reiki breathing energy meditation
- Ceremonial energy attunements of your top four chakras
- Hand treatment positions with psychic energy perception
- The Four Sensations, Rules of Flow, Emotional Releases
- Usui's Principles of Conduct and Triple Gem Philosophy

Reiki has its origins from Buddhist scriptures. It was described by Gautama Buddha in his teachings of healing, meditation and higher consciousness. One of his scrolls was found - by the Japanese mystic Dr Mikao Usui just over a century ago - ***the Buddha Healing Scroll of Avlokiteshvara (Bodhisatva of Healing and Compassion)***. Usui Sensei then meditated upon this method of higher consciousness and rediscovered this wonderful spiritual healing method - which he then called Reiki - and taught it within its original Buddhist context and philosophy.

Dr Jason Betts is a polymathic author, inventor and genius with university degrees in science/math/philosophy, diplomas in massage, acupuncture, metaphysical science and western mystery school wisdom. Betts Sensei was initiated into Reiki in 1991 and has been teaching Traditional Japanese Buddho Reiki and Usui's Enlightenment Meditation since 1997. In 1995 Dr Betts founded the Tasmanian Psychic Expos and the Tasmanian Alternative and Natural Therapy Directory. He is most famous for being able to read the psychic energy that flows in Reiki.

Your Reiki weekend is something you will remember for the rest of your life. It is packed with a spiritual and emotional intensity that sheds the light of understanding and wisdom upon the substance of your life, revealing your own spiritual truths. The authenticity of Reiki is demonstrated *by feeling the strength and intensity of the energy flow of the students and feeling the true sincerity of the teacher.* Reiki is a complete spiritual discipline with its own meditation, energy, healing and experience, a practical philosophy and psychic energy perception. It is the singly most time-effective tool for personal, physical and spiritual growth available in the world today.

Learning Reiki is like learning that the boat of your life does not float on the waters of spirit, but rather that your spirit flows within the limitless ocean of life. Become you. Learn Reiki today.

The cost for Reiki 1 is \$600 and Reiki 2 is \$1200. A monthly automatic debit payment plan of \$100 is available. To enter the Reiki seminar room you must be wearing loose comfortable clothing and have a full bottle of water. You will be denied access if you have a mobile telephone or are wearing jewellery - marriage rings are excepted. A vegetarian lunch is provided on both days (1-2pm) which is included in your seminar fee. No milk or caffeine. Herbal teas are provided. All students receive the four Buddho Reiki energy empowerments, an 84-page manual, plus the practical, psychic, spiritual and philosophical lessons of a Certificate Level 1 Buddho Reiki Practitioner. Book-in by contacting Dr Jason Betts directly on 03 6249 8484. The class limit for all Reiki classes is 12 people.
